

Landscape Maintenance Sales & Account Manager
Sells the jobs & is the main point of contact (outward focus)

Introduction: Do you enjoy working on high-end properties with beautiful landscapes? Do you want to work for the best landscape company in Omaha? If you answered yes, then your next career move is to Sun Valley Landscaping as our Landscape Maintenance Sales and Account Manager! At our company, team members are passionate, outdoor lovers, community leaders and come from diversified backgrounds. As a not-so-typical landscaping company, we offer a challenging, yet rewarding environment with high employee retention.

Summary: The Sales & Account Manager (SAM) is a high energy, relationship building individual with expert industry experience who enjoys working with clients. The core objective of the SAM is to grow the maintenance division of Sun Valley Landscaping by providing above-standard service as the main point of contact for our high-end residential clients. This will be accomplished by the retention of existing clients and the addition of new clients. The SAM will be responsible for the following tasks:

Duties:

- Groom the relationship with each client and be his/her main point of contact.
- Meet new clients, preferably on-site, to establish maintenance contracts.
- Prepare maintenance estimates and quotes based on company guidelines.
- Create compelling sales presentations in person and via email.
- Set expectations, make notes and provide suggestions for client properties.
- Assist in making schedules, coordinating services and training field staff.
- Partner with the Production Manager to provide proactive communication to clients.
- Ensure all billing and client account information is accurate and up to date.
- Perform regular, documented site visits to ensure production standards are being met.
- Upsell existing clients to pursue full service, monthly contracts & enhancement offerings.
- Provide technical knowledge regarding services and proactive horticulture care.
- Investigate service and landscape issues, provide proper solutions in a timely manner.
- Create and implement training programs for all crews with the Production Manager.
- Coordinate the purchasing, staging, delivery and use of materials with the PM.
- Research vendor product offerings, pricing and stay up to date on industry trends.
- Develop relationships with sub-contractors to quote and produce work for our clients.
- Order all plants materials for jobs and make pre-season orders of floral materials.
- Maintain and renew all service contracts with the assistance of the team.
- Participate in strategic planning and company initiatives.
- Provide recommendations for pricing, equipment & staff to maximize efficiency.
- Sell snow contracts and assist with snow operations in the winter (same as above).
