

# City of Lincoln - Stormwater Management Training

Lincoln Children's Zoo – 1222 South 27<sup>th</sup> Street

Tuesday February 23, 2016 8:30 am – 4:45 pm

**Part I: Green Infrastructure: Stormwater Practices that Infiltrate!**

**Part II: Inspection & Maintenance of Stormwater Practices Certification Program**

**Cost: FREE (Space is Limited)**

**Register by February 16**

The City of Lincoln's 2016 Post-Construction ordinance requires the use of engineered practices that infiltrate stormwater, a.k.a. Green Infrastructure. This one-day professional training event introduces you to design and construction as well as inspection and maintenance of these practices that improve and protect water quality in our community. **Attend one or both for FREE**, the cost (\$145 per person for all day training) is subsidized by City of Lincoln, Public Works & Utilities, Watershed Management Division. Lunch provided to those who register for Part I & II.

**Part I: Green Infrastructure: Stormwater Practices that Infiltrate!**  
**8:30 am – 12:00 pm**

Learn the latest in green infrastructure practices that capture and treat stormwater and can act as aesthetically pleasing landscaping features as well! Practices include rain gardens, enhanced rain gardens, bioretention cells and bioswales, soil quality restoration, native landscaping and native turf, green roofs and permeable pavers.

**Part II: Inspection and Maintenance of Stormwater Practices Certification Program**  
**12:45 pm – 4:45 pm**

Stormwater practices need inspection and maintenance services to ensure they continue to function properly and look good. Learn when and what to inspect and how to maintain green infrastructure stormwater practices. Successful passing of an exam at the end of Part II is required for Certification.

**Professional Development Hours:** Certificate of attendance provided to all attendees.

**Workshop Instructors:** Pat Sauer and Stacie Johnson, Iowa Stormwater Education Partnership. Pat and Stacie have been promoting and providing green infrastructure training as well as developed and delivered stormwater practices certification programs in Iowa since 2005.

**FREE Stormwater Management Training February 23, 2016 Lincoln, NE FREE**
