

Design Center Specialist

The heart of Campbell's is our team of passionate plant lovers who like to get their hands dirty to grow and sell the best plants in Lincoln. We've come together from a range of disciplines and experiences, connected by our commitment to learning and growing together. For over 100 years, Campbell's has been making an enduring impact on our community from backyard retreats to iconic public landscapes. We're always on the lookout for new team members with an eye for design, an eagerness to learn, and great customer service skills.

Our garden center design services are an accessible alternative to traditional landscape design, giving clients the opportunity for shorter turnaround time on their outdoor projects. Our in-store landscape designer combines the customer's vision with their own experience and education to quickly and efficiently create designs and solutions for healthy, beautiful spaces. Projects range from helping determine the proper placement of a few trees to full-scale landscape makeovers. Designers guide clients through the design and installation process, offering advice, inspiration, and support to make the gardening experience a success.

Professional Qualifications

- BS in Landscape Design, Landscape Architecture, Horticulture, or related field with emphasis in landscape design

Experience and Skills

- Ability to create formal and informal landscape design plans, including knowledge and use of plants native or well adapted to Nebraska
- Excellent communication skills to enable interaction with customers, including answering questions regarding plant material, providing landscape suggestions, and appropriate customer education
- Knowledge of plant material, including effective use and placement in the landscape, proper planting techniques, and management

Position Responsibilities

- Develop landscape design suggestions, including concept and scale drawings, for walk-in garden center customers
- Assist customers in selecting plant material for landscape design solutions on the basis of conversation, questions, and/or phone photos
- Assure customer satisfaction after job completion via phone or on-site follow-up
- Provide assistance to greenhouse and nursery yard staff, including retail sales assistance, watering, pruning, and other maintenance tasks
- Other duties as assigned

Physical Requirements

- Ability to work in wide range of temperature and humidity conditions (0 to 100+°F)
- Ability to repeatedly reach, bend, and stoop, including lifting up to 50 lbs.
- Visits to landscape site environments may be subject to excessive noise from power equipment, as well as exposure to dust, pesticide, and herbicide residue
