

# MULHALL'S

## Landscape Designer / Account Manager

### A BIT ABOUT YOU

Outgoing, creative, and motivated, you are someone who can bring a new perspective to our community's residential and commercial outdoor spaces. You see value in blurring the lines between the natural and the built, and you take pleasure in quality landscapes and detailed design. You're committed to helping our team ensure the success of our customer's vision, and you have the passion and expertise to create and communicate quality designs in the language of modern landscape visualization software.

### A BIT ABOUT US

We like plants, people, and beautiful spaces. John Mulhall came to Omaha in 1953 to landscape, and now, three generations later, we're as committed as we've ever been to making Omaha a more beautiful place to live. Today we're a team of a few hundred people, but our focus remains the same: working together to engage our community and share our passion for the beauty of the natural world. And we have fun doing it.

### A DAY IN THE LIFE

As a member of our Landscape team, you'll work to build and strengthen customer relationships ensuring that concerns are understood and visions are aligned. You'll spend time developing inspiring landscape designs, rendering them between the computer and drafting table, estimating job requirements, preparing proposals, and winning quality work. You'll communicate job requirements to the Production Team to ensure quality job completion and follow up closely with the customer to forge trusting, long-term relationships.

### WHAT WE'RE LOOKING FOR

- Passion for the beautiful, natural, and authentic
- A background in sales and customer relationship management
- Knowledge and experience with the landscapes and horticulture of the Great Plains
- A friendly and inclusive nature and a strong value of teamwork
- The ability to communicate project scope in two- and three-dimensions through various media including AutoCAD, SketchUp, the Adobe Suite, and hand-drafting as needed
- Someone who has fun working with a range of customers on a wide variety of projects
- The capacity to weigh customer needs against the schedule and capabilities of our Production Team

## WHAT WE OFFER

- An inclusive, passionate, and fun work environment
- Great potential for personal and professional growth here in the Green Industry
- The opportunity to make a meaningful impact on the success of our Landscape division
- A competitive wage and full benefits package including 401(k), medical, and dental
