

Landscape/Hardscape Crew Leader/Foreman

Indigenous Landscaping was founded in 2003 and is driven by a passion for creating beautiful landscapes and a love of the outdoors.

Our company has extensive horticultural, construction, and hardscaping experience using natural stone, pavers and unique plant material are some of tools from the canvas in many of our landscapes.

We have a great customer base that is continuing to keep our team very busy enhancing their properties! We are well respected in our industry, by our peers and our vendors.

Our Ideal candidate is an experienced professional looking for a new opportunity with a solid team. We are a growing company with lots of potential for you! Do you enjoy building things, working with your hands, planting plants, seeing what you have accomplished every day, learning new skills, working with and for great people in our community? Then we are a great fit for you!

You will have experience in safe operation and use of landscape equipment including, but not limited to, skid steer, compact track loader, excavator, saws, compaction equipment, landscape maintenance equipment and a variety of power tools. Must have a clean driving record.

Some of our benefits include:

- Simple IRA with 3% company match after 90 days
- No weekends
- Company shirts provided
- Great Company Culture
- Full-time hours

Join our talented team to transform ordinary yards into extraordinary spaces!

Send your resume to angieg@indigenousinc.com. We are excited to meet you!

Job Type: Full-time

Pay: \$20.00 - \$25.00 per hour
